Image Source and Branded Solutions by Edgar Martinez Purchase Larger Facility and Move to New Location

Newer, Larger Office and Warehouse Space Allows for Growth

Kirkland, Wash., July 14, 2009 – Distributors Image Source and Branded Solutions by Edgar Martinez purchased a 35,000 sq. ft building in Kirkland, WA and recently moved operations to the new location. The two sister companies now occupy 10,000 sq. ft of office area, and 4,000 sq. ft of warehouse space. The new company headquarters gives both Image Source and Branded Solutions by Edgar Martinez significant room to expand the operations and add important client services such as in-house warehousing and fulfillment.

The decision to purchase a larger facility and move operations was driven by a need to grow and continue meeting clients expanding merchandise and apparel needs. The new headquarters is located just a few miles from the company's previous office and within minutes of many of its largest accounts.

"This move had been planned for some time, and we jumped in now because it is such an ideal building for our needs," said Brian Haner, President of both Image Source and Branded Solutions by Edgar Martinez. "Our new facility not only gives us the physical space to grow, it is a good investment and demonstrates solid commitment to our team, our suppliers and our clients."

Sr. VP & COO, Tom Goos added, "Everything about new headquarters is in better alignment with both the immediate needs, and long-term vision for our companies. We are now better positioned for solid growth and increased market share. We're all very excited about this move."
