Your custom image is printed on the back of crystal-clear, tempered glass, then given a magnetic backing to make your whiteboard, well, magnetic. And unlike traditional whiteboards, your glassboard will erase completely—no ghosts of meetings past—and will not scratch and show wear with day-to-day use. Your glassboard will look as sleek and beautiful in 10 years as it does on day one. (If only the rest of us could age so beautifully...) These glassboards are the perfect fusion of form and function, if we do say so ourselves!
